Dear Friends and Family,

As 2021 comes to a close we are reaching out with a special request. A generous donor has once again offered The Family Foundation, Inc. a challenge grant of \$15,000, and we need your help to match that. You have been a supporter of ours in the past, and we hope you will support us again this year to meet this match.

As you know from our latest Newsletter, this year we offered immediate turnaround mini-grants to programs to help with pandemic related needs; financial assistance to programs that build the self-esteem of young people; grants that expand the training of those working with youth and families with mental health struggles; and an international grant to a small community in Kenya that has reaped immediate rewards. We also continued to honor exceptional frontline staff members working in programs we have supported. These awards recognize the important contributions of these remarkable individuals as they continue to dedicate their service to others.

As we look toward 2022, [we ask for your support again](#) so we can continue the impactful work we began 45 years ago when we established The Frost School & The Family Foundation, Inc.

We hope you will continue to partner with us as you have so generously done in the past. Needs remain great and resources are always limited. With your help the Family Foundation can continue into the coming decade to provide targeted SUPPORT to programs, and the people they serve, that are making real progress to improve our communities, their families, and their children's lives.

There are two ways you can contribute: Online via our [website](#), or send a check to The Family Foundation, Inc. 1700 Briggs Chaney Road, Silver Spring, MD 20905.

Remember that all contributions, large or small, are tax deductible.

We hope you are well, and we look forward to hearing from you. We wish you a safe, healthy, and happy end of the year.

With kind regards to you and to your families,

The Board of Directors of The Family Foundation, Inc.
